Love Offering

Unity has operated on a love-offering basis since its inception by the Fillmores. The instructors do not receive payment for teaching classes, they are reimbursed for travel, lodging and meals only. In order to show appreciation a love offering will be received on Thursday in each class. You are not required to participate, however your generous love offering helps keep our sessions at a reasonable cost and is most appreciated by instructors!

Class Descriptions

Bible Overview: Hebrew Scriptures –

Rev. Victoria Bunch

This course introduces the rich history of the Hebrew Scriptures and provides a framework for future study. The course identifies the main story lines and historical periods of the Hebrew Scriptures, from Genesis through the call of Abraham, the Exodus, through the Exile and the post-Exile period.

Background of New Thought – Rev. Ginny Roll

In this class, we explore the origin and development of the ideas, beliefs, and theories that characterize the New Thought movement. From Plato, Socrates, and Origen to modern-day mystics and leaders who brought us to the present, the course gives you an insight on many aspects of New Thought and where they are today.

Prosperity – Rev. Patricia Gulino Lansky

Combine Charles Fillmore’s “Prosperity” with Eric Butterworth’s “Spiritual Economics,” and your concept of spiritual abundance will change completely! From tithing to giving to receiving, the core ideas of prosperity are presented from two of Unity’s greatest thinkers and writers.

Twelve Powers – James Scott, LUT

This course studies Charles Fillmore’s class “The Twelve Powers of Man,” and puts Paul Hasselbeck’s “Power Up” beside it, allowing you to see two varying perspectives on this powerful set of concepts. You will find yourself challenged to identify the Truth Principles within you, and then find their practical application in your life.

Class Descriptions (continued)

Meditation Practices – Rev. Don Lansky

Students will experience a variety of meditation techniques, which everyone will have the opportunity to journal about. After studying various practices, students will create a personally designed meditation program for themselves.

Jesus' Teachings in the Bible—Rev. Paula Coppel

The heart of the Unity message is that Jesus is the great example and not the great exception. Explore how Jesus taught, prayed, and healed, as well as the great commission. Working primarily with Matthew, Mark, and Luke, along with the first part of Acts, you will see how Jesus' teachings are directly applicable to your life today!

Lessons In Truth - Richard Mekdeci, LUT

The chapters that form "Lessons in Truth" are some of the very first metaphysical discussions published by Unity. Students will be able to: explain how human thinking determines humankind's expression of freedom and goal attainment, and use this knowledge in their personal life, to move beyond the present reality into a new manifestation based on who we truly are at our core.
